CADETS OUT ON THE WATER

(Story by LCDR John Sperring, RANR)

Recently, HMAS LEEUWIN played host to groups of Wollongong-based Naval and Air Force Cadets for sea-riding opportunities. LEEUWIN was returning to her home-port Cairns, after survey work off Flinders Island Tasmania and monor work in the vicinity of Jervis Bay.

In addition to the Naval and Air Force Cadets, some civilian staff from the Wollongong-based Australian Hydrographic Office, and the HS-SPO had familiarisation trips to/from Port Kembla harbour.
