IMPORTANT NOTICE

This edition of Notices to Mariners includes all significant information affecting AHS products which the AHS has become aware of since the last edition. All reasonable efforts have been made to ensure the accuracy and completeness of the information, including third party information, on which these updates are based. The AHS regards third parties from which it receives information as reliable, however the AHS cannot verify all such information and errors may therefore exist. The AHS does not accept liability for errors in third party information.

GENERAL INSTRUCTIONS

The substance of these notices should be inserted on the charts affected.

Bearings are referred to the true compass and are reckoned clockwise from North; those relating to lights are given as seen by an observer from seaward. Positions quoted in permanent notices relate to the horizontal datum for the chart(s). When preliminary or temporary notices affect multiple charts, positions will be provided in relation to only one horizontal datum and that datum will be specified. When the multiple charts do not have a common horizontal datum, mariners will be required to adjust the position(s) for those charts not on the specified datum. The range quoted for a light is its nominal range. Depths are with reference to the chart datum of each chart. Heights are above mean high water springs or mean higher high water, as appropriate.

The capital letter (P) or (T) after the number of any notice denotes a preliminary or temporary notice respectively, which are contained separately at the end of the permanent notices. A star (*) adjacent to the number of a notice indicates that the notice is based on original information.

REPORTING OF DANGERS

Mariners are particularly requested to notify the AUSTRALIAN HYDROGRAPHIC SERVICE, Locked Bag 8801 Wollongong, NSW 2500 (Fax 02-4223 6599, e-mail Hydro.NTM@defence.gov.au or, alternatively by filling in and submitting the [Hydrographic Notes](#) forms located on the web site – www.hydro.gov.au), immediately on the discovery of new dangers or suspected dangers to navigation. For changes or defects in aids to navigation notify AusSAR (Fax 02-6230 6868 or email rccaus@amsa.gov.au).

AUTHORISED USE

Copies of Australian notices are available free of charge from the Australian Hydrographic Service (AHS) website (www.hydro.gov.au) and through the eNotices (email) service (www.hydro.gov.au/enotices/enotices.htm).

Individual Notices may be copied for the purpose of inserting Notice substance on official charts and publications. Paper copies may be printed by chart agents and distributed to customers on a cost recovery basis. Participating chart agents are listed on the AHS website as providing a 'Paper Notices to Mariners' service (www.hydro.gov.au/prodserv/distributors/distributors.htm). Copies of the notices may not be sold for profit without prior written agreement.

Chart formerly affected - Aus 143 - AU439144**1034(T)/2010 AUSTRALIA - VICTORIA - Barwon River - Submarine pipeline***Former Notice* - 980(T)/2010 is cancelled*Date* - Until 5 November 2010

Victorian Notice 85(T)/2010, 87(T)/2010 (AA493149, AA493467, AA493468, AA495365)

A submarine pipeline is being laid across the Barwon River between 38° 16'.52 S 144° 29'.80 E and 38° 16'.59 S 144° 30'.10 E.

An exclusion zone exists in an area bounded by the following positions:

38° 16'.51 S 144° 29'.81 E

38° 16'.53 S 144° 29'.80 E

38° 16'.60 S 144° 30'.09 E

38° 16'.58 S 144° 30'.12 E.

A navigation channel over the pipeline will be marked by light buoys. The length of the pipeline will be marked by special light buoys. The water depth over the pipeline will be reduced to 0.4m (LAT).

Further information can be obtained by contacting Barwon Water on 1300 656 007 and Port of Barwon Heads on (03) 5254 1118.

Mariners are advised to navigate with caution in the area.

Chart temporarily affected - Aus 143 - AU439144**1035(T)/2010 AUSTRALIA - VICTORIA - Port Phillip - South Channel - Obstruction***Former Notice* - 797(T)/2007 is cancelled

Victorian Notice 92(T)/2010 (AA495912)

An obstruction marked by three isolated danger light buoys, *F(2)4s*, exists in position 38° 19'. 08 S 144° 49'. 61 E

Mariners are advised to navigate with caution in the area.

Chart temporarily affected - Aus 143 - Aus 158**1036(T)/2010 AUSTRALIA - VICTORIA - Port Phillip - Port Melbourne to St Kilda - Navaid upgrade works***Date* - Until 22 October 2010

Victorian Notice 90(T)/2010 (AA495387)

Navaid upgrade works are in progress along the foreshore from Port Melbourne (37° 50'.5 S 144° 55'.0 E) to St Kilda Marina (37° 52'.5 S 144° 58'.5 E). Works involve diving and piling operations and the removal and establishment of navaid's approximately 200m from shore.

All hazards to navigation will display appropriate lights.

Chart temporarily affected - Aus 154 - Aus 155 - AU438144

1037(T)/2010 AUSTRALIA - VICTORIA - Port Phillip - Mornington - Harbour works

Former Notice - 983(T)/2010 is cancelled

Date - Until 17 December 2010

Victorian Notice 84(T)/2010, 93(T)/2010 (AA492656, AA495911)

Works associated with the reconstruction of Mornington Pier are in progress (38° 12'.73 S 145° 02'.02 E).

An exclusion zone exists within an area bounded by the following positions:

38° 12'.73 S 145° 02'.02 E

38° 12'.72 S 145° 02'.01 E

38° 12'.68 S 145° 02'.11 E

38° 12'.70 S 145° 02'.13 E

38° 12'.74 S 145° 02'.05 E

38° 12'.74 S 145° 02'.04 E

38° 12'.76 S 145° 02'.01 E.

All hazards to navigation will display appropriate lights and symbols.

Mariners are advised to navigate with caution in the area.

Chart temporarily affected - Aus 143 - Aus 158 - AU5143P3**1038(T)/2010 AUSTRALIA - Summer time**

Date - Until 3 April 2011

Australian Government (AA495349)

Clocks will be advanced one hour at 0200 local time on 3 OCT 2010 and retarded one hour on 3 APR 2011 in the Australian Capital Territory, New South Wales, South Australia, Victoria and Tasmania.

No changes will be made in Queensland, Northern Territory and Western Australia.

NAVIGATION WARNINGS

The following radio messages have been received during the period to 24 September 2010. Signal copies of these messages may be destroyed. It is recommended that the reprint of Navigational Warnings should be kept in a file or a book divided into areas. Cancellation should be made on receipt of signals and reprints.

Rigs on location other than those listed in the latest Section III summary are the subject of Radio Navigational Warnings. Rigs in transit will not be the subject of Warnings.

- 225 Drill rig *Ocean Epoch* in position 21° 34'.33 S 114° 09'.31 E. 2.5M clearance requested.
- 226 Cancelled.
- 227 Port Hedland C10 light beacon K1677 (20° 06'.36 S 118° 28'.28 E) unreliable.
- 228 Cancelled.
- 229 Cancelled.
- 230 Cancelled.
- 231 Uncharted shoal depth 8m located 13° 32'.22 S 125° 49'.92 E.
- 232 All Torres Strait tide gauges are unreliable.

NAVAREA X WARNINGS

- 008 As previously notified by NAVAREA warning, mariners using ECDIS are advised not to rely solely on automated voyage planning and monitoring checks and alarms. It is recommended that mariners undertake careful visual inspection of the entire planned route to confirm that it, and any deviations from it, is clear of dangers. The ECDIS display should be configured to display all soundings during this inspection.

Particular care should be taken when planned routes cross areas where only small scale ENC's (Usage Bands 1 and 2) are available. In some display configurations, such as when no names are shown, small islands and other point features may be difficult to identify or could be obscured by surrounding depth contours. Some ECDIS systems appear only to undertake route check functions on larger scale ENC's and therefore alarms might not activate. This may not be clearly indicated on the ECDIS display.

The International Hydrographic Organization (IHO) is leading technical action to investigate these matters in consultation with ECDIS equipment manufacturers. Further information will be made available through Notices to Mariners.
