

3.7.2 Promulgation

- The following wrecks are shown on Australian Navigation Charts:

- all reported shipwrecks
- wrecks with protected zones or prohibited areas
- sites with moorings marking the location
- sites considered dangerous to safe navigation of ships operating in their normal mode, meaning sites which:
 - lie in shipping channels
 - are considered hazardous to trawl fishing operations
 - are considered hazardous to submarine operations.

- The Australian National Shipwreck Database is published on the Department of Sustainability, Environment, Water, Population and Communities website listed below.
