

*To accompany Australian Notice to Mariners 1021/2025*

CAUTIONARY AREA AND PETROLEUM  
SAFETY ZONE

Mariners are advised to exercise caution and allow an adequate safe distance when navigating in close proximity to offshore oil and gas structures. Within the Cautionary Area a Petroleum Safety Zone extends for a radius of 500 metres around offshore structures into which entry is prohibited to all unauthorised vessels. For details see Mariners Handbook for Australian Waters AHP 20.
