**CUMULATIVE LIST OF AUSTRALIAN  
NOTICES TO MARINERS  
21 August 2026**

Prepared by the Australian Hydrographic Office  
by direction COMMODORE D.G. MULLINS, RAN  
*Hydrographer of Australia*

## **CUMULATIVE LIST OF AUSTRALIAN NOTICES TO MARINERS**

### **General Information**

1. This list is published each fortnight on the AHO website and shows every official navigational chart for Australia (Aus), Papua New Guinea (PNG) and the Solomon Island (SLB). Each chart is identified by its chart number and its current edition date.
2. For each chart, all Permanent Notices to Mariners issued in the last two years that apply to that chart are listed. If a chart has not been affected by any Permanent Notices in that period, then the latest Permanent Notice (if there is one) is shown. For all Permanent Notices to Mariners that apply to the current edition of each chart, refer to the paper chart lists available in the Australian Chart Index (ACI) on the AHO website.

### **The Current Edition of a Chart**

3. When a new chart is first published the date of publication is shown in the publication note that appears below the centre of the southern outer border; this date remains unchanged throughout successive new editions. The date of each new edition is printed on the chart a few centimetres to the right of the publication note.
4. A new edition on being published and issued as notified by a Notice to Mariners becomes the current edition and the previous edition is superseded. When a chart is withdrawn as directed by a Notice to Mariners there ceases to be any current edition of it. Withdrawn charts and superseded editions should not be used for navigation, nor should current editions that have not been corrected for relevant Notices to Mariners.
5. Users of this cumulative list are reminded that the authoritative source for information concerning current editions of charts and the corrections that affect them in the Australian Area are Editions of Australian Notices to Mariners.
