## CUMULATIVE LIST OF AUSTRALIAN NOTICES TO MARINERS

### General Information

1. This list identifies, by its chart number and current edition, each Australian (Aus) navigational chart of the Australian Charting Area (see *Australian Notice to Mariners No 1 of 2015* and *The Seafarers Handbook for Australian Waters AHP20*).
2. Unless a Chart Correction Log (NP 133) is being used to perform a similar function, then, until a new edition is published in April 2015, this list should be corrected up to date from the information given in Section I of successive Editions of Australian Notices to Mariners by:
  - (a) adding new charts, each with its date of publication;
  - (b) amending the dates and deleting the listed Notices to Mariners for charts of which new editions have been published;
  - (c) deleting all reference to charts that have been withdrawn; and
  - (d) adding the numbers of the appropriate Notices to Mariners against each relevant chart.
3. All Notices to Mariners that have affected each chart during the last two years are listed against it. If the chart has not been affected by a notice during that period then the most recent notice, if any, is shown.
4. An updated cumulative list will be published each fortnight on the AHS website as per para 2.

### The Current Edition of a Chart

5. When a new chart is first published the date of publication is shown in the publication note that appears below the centre of the southern outer border; this date remains unchanged throughout successive new editions. The date of each new edition is printed on the chart a few centimetres to the right of the publication note.
6. A new edition on being published and issued as notified by a Notice to Mariners becomes the current edition and the previous edition is superseded. When a chart is withdrawn as directed by a Notice to Mariners there ceases to be any current edition of it. Withdrawn charts and superseded editions should not be used for navigation, nor should current editions that have not been corrected for relevant Notices to Mariners.
7. Users of this cumulative list are reminded that the authoritative source for information concerning current editions of charts and the corrections that affect them in the Australian Area are Editions of Australian Notices to Mariners.
